MEET YOUR FLORIST

Patsy Newton

Patsy brings 24 years of experience as a florist and event planner. She leads the floral design for weddings across Barbados.

Your ideas, thoughtfully arranged.

She starts with your venue, colours, guest count and budget. Your proposal then sets out the flowers, quantities, setup and seasonal alternatives in writing.

01 / PERSONAL FLOWERS

The flowers you carry.

BOUQUET STYLES

Hand-tied, structured or cascading.

Choose a shape and scale that suit your dress, setting and the way you want to carry the bouquet.

Flowers for the wedding party can include bouquets and buttonholes, as well as corsages or floral hair pieces.

We agree the colour, shape and value of the design first. If an exact flower is unavailable in Barbados, Patsy confirms a suitable seasonal alternative.

02 / THE CEREMONY

A setting for your vows.

An arch and aisle flowers can frame the ceremony as one setting. Add floral pedestals or other focal arrangements where they suit the space.

Seating, cushions, an aisle rug and sourced styling pieces can be added. The quotation confirms each item and accounts for access, installation and weather.

03 / THE RECEPTION

Flowers to gather around.

Reception flowers continue the floral plan from the ceremony into the meal and evening celebration.

Choose low centrepieces, tall arrangements or a mix. Your proposal can also cover the sweetheart table, cake table and bar. Candles, vessels and other focal areas can be included.

COLOUR, TEXTURE & CRAFT

Made to feel like you.

The pieces around the flowers.

We can source chairs, arches, tables, linens, rugs, pedestals and decorative pieces for the agreed setting.

Your quotation lists the selected pieces and their availability. It also sets out quantities and hire terms.

TWO WAYS TO WORK WITH US

Flowers only, or full wedding support.

WEDDING FLOWERS ONLY

Already have a planner, venue team or hotel package? Patsy can take care of the wedding flowers.

Choose personal flowers, ceremony arrangements and reception flowers. Delivery, installation, movement between spaces and collection are agreed with your venue or planner.

FLOWERS + END-TO-END PLANNING

We can help plan the whole wedding, including for couples organising their celebration from overseas.

Patsy leads the flowers. Our wedding planner can coordinate the venue, suppliers, schedule, ceremony and support on the day. Your Destination Florals proposal names each responsibility and price.

Planning services are quoted separately from floral collections.

FROM ELOPEMENTS TO FULL CELEBRATIONS

Just the two of you.

Book the bridal flowers and ceremony setting on their own, or add practical planning support for your Barbados elopement.

ADD THE SUPPORT YOU NEED

Our wedding planner can coordinate the ceremony and help arrange an officiant, licence-appointment support, witnesses when required and a signing table. Exact services are confirmed in your proposal.

Photography and other supplier services can also be arranged. Your quotation separates planning, suppliers, government fees and location costs from the flowers.
